IMPORTANT INFORMATION

This securities note (the "**Securities Note**") has been prepared by Contships Logistics Corp. (the "**Company**" or the "**Issuer**") in connection with the listing of additional senior unsecured sustainability-linked bonds with a total amount of USD 75,000,000 (the "**Additional Bonds**"), which were issued in a tap issue on 10 September 2025 (the "**Tap Issue**") under the bond terms dated 30 January 2025 (the "**Bond Terms**", and any bonds issued thereunder, the "**Bonds**") and supplemented by a tap issue addendum dated 3 September 2025 (the "**Tap Issue Addendum**"), both entered into between the Issuer and Nordic Trustee AS (the "**Bond Trustee**").

Prior to the Tap Issue, the Company had Bonds outstanding in a total amount of USD 100,000,000 (the "**Original Bonds**" or the "**Initial Bond Issue**"). Following the Tap Issue, the total amount of the Bonds outstanding is USD 175,000,000.

The Original Bonds were admitted to trading on the Oslo Stock Exchange on 11 July 2025 under ISIN NO0013470559 (the "**Original ISIN**"). The Additional Bonds have been issued under the temporary ISIN NO0013648329 (the "**Temporary ISIN**"). Following approval of the Prospectus (as defined below), the Additional Bonds will be transferred to and merged with the Original Bonds under the Original ISIN. Once the Additional Bonds have been transferred to the Original ISIN, they will be admitted to trading on the Oslo Stock Exchange. The listing is expected to take place on or about 16 October 2025 (the "**Listing**").

This Securities Note is valid for a period of up to 12 months following its approval by the Financial Supervisory Authority of Norway (Nw. *Finanstilsynet*) (the "**Norwegian FSA**"). This Securities Note should be read together with the registration document dated 10 July 2025 (the "**Registration Document**"), which was prepared in connection with the listing of the Original Bonds. 1. RISK FACTORS

1.1. GENERAL

The information in this Section is as of the date of this Securities Note.

Investing in the Additional Bonds involves a high degree of risk. As the Issuer is the parent company of the Group, the risk factors for the Issuer and the Group are deemed to be equal for the purpose of this Securities Note. Prospective investors should consider carefully all of the information set forth in this Securities Note, and in particular, the specific risk factors set out below, in addition to the information in the Registration Document and related documents. An investment in the Additional Bonds is suitable only for investors who understand the risk factors associated with this type of investment and who can afford a loss of all or part of the investment. If any of the risks described below materialize, individually, cumulatively or together with other circumstances, they may have a material adverse effect on the Group and its business, financial condition, results of operations, cash flow and/or prospects, which may cause a decline in the value and trading price of the Additional Bonds that could result in a loss of all or part of any investment. The risks and uncertainties described below are not intended to be exhaustive and are not the only ones faced by the Issuer and/or the Group. Additional risks and uncertainties, including risks that the Issuer currently believes are less material or likely, or that are not presently known to the Issuer, may also have a material adverse effect on the value of any investment.

The primary risk factors in connection with an investment in the Additional Bonds are described below. The risk factors included in this Section 1 are presented in a limited number of categories, where each risk factor is sought placed in the most appropriate category based on the nature of the risk it represents. Within each category the risk factors deemed most material, taking into account their potential negative effects and the probability of their occurrence, are set out first. This does not mean that the remaining risk factors are ranked in order of their materiality or comprehensibility, nor based on a probability of their occurrence. The absence of negative experience associated with a given risk factor does not mean that the risks and uncertainties in that risk factor are not genuine and potential threats, and they should therefore be considered prior to making an investment decision.

Please also refer to the Registration Document for a listing of Issuer-specific risk factors.

For the definitions of capitalised terms used throughout this Securities Note, please see Section 6 (“Definitions”).

1.2. RISKS RELATED TO THE ADDITIONAL BONDS AND THE BOND TERMS

1.2.1 The Additional Bonds will be structurally subordinated to claims of creditors of the Issuer’s subsidiaries

Generally, claims of creditors of the Issuer’s subsidiaries including trade creditors, secured creditors, and creditors holding indebtedness and guarantees issued by such subsidiary, will have priority over the claims of the creditors of the Issuer, including Bondholders (as defined below), with respect to the assets and earnings of the subsidiary. These creditors will be entitled to payments of their claims before any assets are made available for distribution to the Issuer, as a direct or indirect shareholder, to the extent the Issuer’s obligations are not guaranteed by the relevant subsidiary. Accordingly, the Additional Bonds, as well as the Original Bonds, are structurally subordinated to all such creditors’ claims. In an enforcement scenario, such creditors will typically be entitled to payment in full ahead of any distributions to the Issuer, which may significantly reduce or eliminate recoveries for Bondholders and could result in a partial or total loss of their investment.

1.2.2 An active trading market for the Bonds may not develop

Pursuant to the Bond Terms, the Issuer has an obligation to list the Additional Bonds on the Oslo Stock Exchange within 6 months of the Tap Issue Date (as defined herein). The Additional Bonds will be listed under the same ISIN as the Original Bonds, which have an established trading history. However, there can be no assurance that the Listing will maintain or improve liquidity for the Bonds. While the increased volume of the Bonds following Listing of the Additional Bonds may positively impact liquidity, market conditions and investor sentiment, the market’s assessment of the Bonds may still result in limited trading activity.

Even with the Original Bonds already listed, active trading in both the Original Bonds and the Additional Bonds may not occur at desired levels, and a liquid market for trading may not be available and/or maintained. For example, if the Issuer fails to comply with the various obligations and standards of conduct which follow the listing of the Bonds, this may lead to the exclusion of the Bonds from trading. As a result, Bondholders may find it difficult or impossible to trade their Bonds when desired or at a price level which allows for a profit comparable to similar investments. The liquidity of the Bonds will at all times depend on the market participants’ view of the value of the Bonds. Potential investors should note that despite the existing listing history, it may still be difficult or even impossible to trade and sell the Bonds in the secondary market.

If an active market does not develop or is not maintained, the price and liquidity of the Bonds may be adversely affected.

1.2.3 The Additional Bonds will be unsecured and thus effectively subordinated to claims of existing and future secured creditors of the Company

The Additional Bonds, like the Original Bonds, constitute unsecured obligations of the Issuer. The Issuer's payment obligations under the Bond Terms shall rank *pari passu* between themselves and will rank at least *pari passu* with all other unsecured obligations of the Issuer (save for such claims which are preferred by bankruptcy, insolvency, liquidation or other similar laws of general application). If, upon the Bonds being accelerated, the assets of the Issuer are insufficient to enable it to repay the claims of secured or more senior-ranking creditors in full, the Bondholders will lose their entire investment in the Bonds. If there are sufficient assets to enable the Issuer to pay the claims of secured or more senior ranking creditors in full but insufficient assets to enable it to pay claims in respect of its obligations in respect of the Bonds and all other claims that rank *pari passu* with the Bonds, Bondholders will lose some or all of their investment in the Bonds.

The Group's financing arrangements have restrictions on distributions which means that generated cash flow may not be immediately available to the Issuer, even if such cash flow can be accounted for in the calculation of the liquidity covenant pursuant to the Bond Terms.

1.2.4 The Issuer may have insufficient funds to make required repurchases of Bonds

The Bond Terms provide for certain redemption and repurchase mechanics in respect of the Bonds which entail redemption or repurchase with a premium, either voluntarily or mandatorily. The latter will be the case, *inter alia*, upon the occurrence of a Change of Control Event (as defined in the Bond Terms), whereby each individual holder of Bonds (a "Bondholder") has a right to require that the Issuer purchases all or some of the Bonds at 101% of par value (plus accrued interest). There can be no assurance that the Issuer will have sufficient funds at the time of such event to make the required repurchase of the Bonds, should a mandatory repurchase event occur.

1.2.5 There are restrictions on the transferability of the Bonds

The Bonds have not been and will not be registered under the U.S. Securities Act of 1933, as amended, or any U.S. state securities laws. Furthermore, the Issuer does not intend to register the Bonds under any other country's securities laws. This limits the Bondholders' ability to offer or sell the Bonds in certain jurisdictions. It is each potential investor's obligation to ensure that the offers and sales of Bonds comply with all applicable securities laws. Due to these restrictions, there is a risk that a Bondholder will not be able to sell its Bonds as desired.

1.2.6 The Bonds may be redeemed early at the option of the Issuer

Under the Bond Terms, the Issuer will have the right to redeem and/or exercise a call option over all or some of the outstanding Bonds before the final redemption date. This is likely to limit the market value of the Bonds. During any period when the Issuer may redeem the Bonds, the market value of the Bonds generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period. It may not be possible for Bondholders to reinvest the early redemption amount at an effective interest rate as high as the interest rate on the Bonds and a bondholder may realize a lower return on its investment than if the Bonds had been outstanding through maturity. Additionally, should the Issuer elect to redeem only part of the outstanding Bonds, the liquidity of the remaining Bonds may be reduced.

1.2.7 Individual Bondholders do not have the right of action against the Issuer

In accordance with the Bond Terms, the Bond Trustee will represent all Bondholders in all matters relating to the Bonds, preventing any of the Bondholders from taking direct action on their own against the Issuer. Consequently, individual Bondholders do not have the right to take enforcement action against the Issuer if it defaults. If the Issuer defaults, Bondholders cannot pursue claims on their own and must instead rely on a requisite majority of Bondholders agreeing to take such action. The bond trustee will in some cases have the right to make decisions and take actions that bind all Bondholders. It is possible that such decisions and actions will negatively affect one or more Bondholders. This collective decision-making process may delay or even prevent certain Bondholders from recovering their investment in a timely manner, and could result in partial or no recovery if the bond trustee or the majority of Bondholders choose a course of action that does not prioritize minority interests.

1.2.8 Bondholders may be overruled by majority votes taken in Bondholders' meetings

The Bond Terms include certain provisions regarding Bondholders' meetings and written procedures. Such meetings and procedures may be used to reach decisions on matters relating to the Bondholders' interests. The Bond Terms allow for stated majorities to bind all Bondholders, including Bondholders who have not taken part in the meeting or procedure and those who have voted against the majority. Consequently, there is a risk that the actions of the majority in such matters will impact a Bondholder's rights in a manner that is undesirable to it.

1.2.9 Exchange risk for non-USD investors

The Bonds are issued in USD and any future payments of interest on the Bonds will be paid in USD. Accordingly, any investor with another reference currency in its ordinary course of business is subject to adverse movements in the USD against their local currency as such adverse movements could have a material adverse effect on the local currency equivalent of any USD payments on the Bonds.

1.2.10 Sustainability-linked bond

The Bonds are structured as a sustainability-linked bond. As the regulatory landscape on ESG/sustainability is under constant change, and although the Bonds at present may be issued under a sustainability-linked bond framework, the Bonds will not necessarily be regarded as “sustainable” under the EU Green Bond Regulation and/or other specific EU rules once these enter into force.

1.2.11 Restrictive covenants may restrict the Group’s ability to finance operations, capital needs and to pursue business opportunities

The Bond Terms will include restrictive covenants, such as covenants relating to restrictions on incurring additional financial indebtedness and carrying out certain disposals. Such restrictive covenants limit the Issuer’s and the other members of the Group’s scope of action, which could have a material adverse effect on the Issuer’s and the other members of the Group’s ability to carry on its business and operations. In particular, restrictions on the Issuer’s ability to obtain new or additional financing or freely dispose of assets may further constrain the Group’s funding sources, and hamper strategic initiatives.. To the extent business and operations are interfered with, this could have a material adverse effect on the Group’s business, prospects and its financial and operational condition, and could cause the Issuer to fail to meet its obligations under the Bond Terms.

1.2.12 Risks relating to the sustainability-linked nature of the Bonds

The Bonds are structured as sustainability-linked bonds and subject to potential adjustments to redemption amounts based on the Group’s achievement of the SPT. The Group may fail to achieve the SPT, which would result in higher redemption costs, negatively impacting the Group’s financial results and liquidity.

Furthermore, the Group may need to allocate significant resources towards meeting these sustainability targets. Despite these efforts, there is no guarantee that the Group’s performance will satisfy investor sustainability expectations or future legal or market standards relating to sustainability-linked instruments. Any perceived shortcomings in sustainability performance may expose the Group to reputational risk, potentially limiting investor interest and adversely affecting the liquidity and market value of the Bonds.

Additionally, under certain conditions such as reorganizations or recalculations, a majority of the Bondholders may decide to amend the defined SPT without minority bondholder approval, potentially leading to uncertainty regarding sustainability criteria applicable to the Bonds.

The Bonds are not specifically marketed as “green,” “social,” or “sustainability” bonds, and the proceeds are intended for general corporate purposes without mandatory sustainability-related use of proceeds requirements. The Bonds may therefore not be suitable investment for all investors seeking exposure to assets with sustainability characteristics.

If such conditions precedent has not been satisfied or waived by that date, the call notice shall be null and void. Unless the Make Whole Amount is set out in the written notice where the Issuer exercises the Call Option, the Issuer shall calculate the Make Whole Amount and provide such calculation by written notice to the Bond Trustee as soon as possible and at the latest within 3 Business Days from the date of the notice. Any Call Option exercised in part will be used for pro rata payment to the Bondholders in accordance with the applicable regulations of the CSD.

Mandatory repurchase due to a Put Option Event:	Upon the occurrence of a Put Option Event, each Bondholder will have the right to require that the Issuer purchases all or some of the Bonds held by that Bondholder at a price equal to 101.00 per cent. of the Nominal Amount. This price may fluctuate over time based on various factors, including changes in general market conditions and developments specific to the Issuer. Potential investors should therefore note that investing in the Bonds at prices above or below the nominal value will result in a return (yield) that differs from the fixed interest rate stated in the Bond Terms.

Dividend restrictions:	The Issuer shall not permit any Subsidiary to create or permit to exist any contractual obligation (or encumbrance) restricting the right of any Subsidiary, to among other things, pay dividends or make other distribution to its shareholders other than where such obligation or encumbrance is not reasonably likely to prevent the Issuer from complying with its obligations under the Finance Documents (as defined herein). The aforementioned does not apply to any Permitted Distribution, meaning: a) any Distribution by the Issuer, provided that no Event of Default has occurred and is continuing and subject to being in compliance with the Incurrence Test; b) any Distribution by a Group Company (other than the Issuer), if: i. such Distribution is made to another Group Company; or ii. made by a Group Company which is not wholly owned, is made pro rata to its shareholders on the basis of their respective ownership at the same time, provided that the shareholders not being Group Companies are Third Party Shareholders. c) any repurchase of shares by the Issuer in connection with incentive schemes and/or option programs provided that no Event of Default has occurred and is continuing and

	such repurchase of shares shall not, in any financial year, exceed USD 3,000,000 (or the equivalent in any other currency) in aggregate.
Status of the Bonds and Security:	The Bonds shall constitute senior unsecured debt obligations of the Issuer. The Bonds will rank <i>pari passu</i> between themselves and at least <i>pari passu</i> with all other senior unsecured obligations of the Issuer (save for such claims which are preferred by bankruptcy, insolvency, liquidation or other similar laws of general application).
Restrictions on transfer:	Certain restrictions may apply to the purchase, sale, or transfer of the Bonds due to applicable laws and regulations in different jurisdictions. Each Bondholder is responsible, at its own risk and cost, for ensuring compliance with such laws and regulations. Neither the Issuer nor the Bond Trustee is responsible for ensuring such compliance. In the event a Bondholder acquires Bonds in breach of applicable legal or regulatory restrictions, the Bondholder will nonetheless retain all rights attached to the Bonds under the Bond Terms, including voting rights. However, the Issuer will not assume any additional liabilities as a consequence of complying with its obligations to such Bondholder. For further details, please refer to Clause 11.2 of the Bond Terms.

Events of default and acceleration of the Bonds:	Event of Default means any of the events or circumstances specified in the Bond Terms Clause 14.1. If an Event of Default has occurred and is continuing, the Bond Trustee may, in its discretion in order to protect the interests of the Bondholders, or upon instruction received from the Bondholders pursuant to Clause 14.3 ("<i>Bondholders' instructions</i>") of the Bond Terms, by serving a Default Notice to the Issuer: a) declare that the Outstanding Bonds, together with accrued interest and all other amounts accrued or outstanding under the Finance Documents be immediately due and payable, at which time they shall become immediately due and payable; and/or b) exercise any or all of its rights, remedies, powers or discretions under the Finance Documents or take such further measures as are necessary to recover the amounts outstanding under the Finance Documents.

After such transfer, the Additional Bonds are expected to be listed on or about 16 October 2025.
Bond Terms:	The Bond Terms has been entered into between the Issuer and the Bond Trustee. The Bond Terms regulates the Bondholders' rights and obligations in relation to both the Original Bonds and the Additional Bonds. The Bond Trustee is party to the Bond Terms on behalf of

	the Bondholders and is granted authority to act on behalf of the Bondholders to the extent provided for in the Bond Terms. When Bonds are subscribed for / purchased, the Bondholder has accepted the Bond Terms and is bound by its terms. Information regarding Bondholders' meeting and the Bondholders' right to vote are described in the Bond Terms Clause 15. Note that Bondholders may be overruled by majority votes taken in Bondholders' meetings. For more information please refer to risk factor 1.2.8 above. For information regarding the role of the Bond Trustee, please see the Bond Terms Clause 16. Individual Bondholders do not have direct rights of action against the Issuer, only the Bond Trustee may take enforcement action on behalf of all Bondholders. For further details, see the Bond Terms and the corresponding risk factor 1.2.7 above. The Bond Terms and the Tap Issue Addendum are attached to this Securities Note.
Sustainability-Link	The Bonds are issued as sustainability-linked bonds under the Group's Sustainability-Linked Financing Framework adopted in January 2025. As sustainability-linked instruments, the Bonds' redemption amount payable at maturity or upon early redemption is contingent upon the Group's performance against the predefined Sustainability Performance Target (SPT). Specifically, the Group aims to achieve a measurable reduction in the fleet's average well-to-wake Average Efficiency Ratio (AER). Compliance with the SPT will be evaluated annually by an independent External Verifier, and the Group will publish an annual Sustainability Report detailing its progress and the verification of results. If the SPT is met, the redemption amount payable at maturity (or upon early redemption) will remain at the standard redemption price set forth in the Bond Terms. However, failure to meet the SPT will trigger an upward adjustment in the redemption amount, resulting in increased redemption costs for the Group. While the Bonds are sustainability-linked, the net proceeds from the Bonds will be utilized for general corporate purposes without mandatory sustainability-related use of proceeds requirements. For detailed definitions, target levels, methodologies, and conditions applicable to the sustainability-linked redemption adjustment, please refer to the Sustainability-Linked Financing Framework and the Bond Terms.

4. NORWEGIAN TAXATION

This Section describes certain tax rules in Norway applicable to bondholders who are resident in Norway for tax purposes (“Norwegian Bondholders”) and bondholders who are not resident in Norway for tax purposes (“Foreign Bondholders”). For Foreign Bondholders, both the tax legislation of the Foreign Bondholder’s country of residence and Norwegian tax legislation may impact the income received from the Bonds. The statements regarding taxation are based on the laws in force in Norway as of the date of this Securities Note (as part of the Prospectus) and are subject to any changes in law occurring after such date. Such changes could be made on retrospectively. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Bonds. Investors are advised to consult their own tax advisors concerning the overall tax consequences of their ownership of the Bonds. The statements only apply to bondholders who are beneficial owners of the Bonds.

4.1. Norwegian Bondholders

Taxation of interest

Interest received on bonds classified as debt instruments is taxable at 22% (25% if subject to the Norwegian finance tax). The Bonds should be classified as debt instruments. Interest earned by Norwegian Bondholders is normally taxed on an accrual basis, meaning it is taxed regardless of when the interest is actually paid.

Taxation of capital gains and losses

The sale, disposal or redemption of the Bonds is treated as realisation and may result in a capital gain or loss in the year of realisation. Capital gains are taxable at 22% (25% if subject to the Norwegian finance tax). Losses are normally deductible at the same rates.

Any capital gain or loss is computed as the difference between the amount received by the bondholder upon realisation and the cost price of the bonds. The cost price is equal to the price the bondholder paid to acquire the bonds. A regular repayment of a bond will on this basis normally not cause any taxable gain. However, currency gains or losses are, as the general rule, taxable. Costs incurred in connection with the acquisition and realisation of bonds may normally be deducted from the bondholder’s taxable income in the realisation year.

Net wealth taxation

The value of Bonds at the end of each income year will be included in the bondholder’s taxable net wealth. Listed Bonds are valued at their quoted value on 1 January in the relevant assessment year. Net wealth exceeding a threshold of NOK 1,760,000 is taxed at 1.0%, and net wealth exceeding a threshold of NOK 20,700,000 is taxed at 1.1%.

Limited liability companies and certain similar entities are not subject to net wealth taxation.

VAT and transfer taxes

No VAT, transfer taxes, stamp duty or similar taxes are imposed on the purchase, disposal or redemption of the Bonds.

4.2. Foreign Bondholders

Taxation of interest

Interest paid to Foreign Bondholders with no connection to Norway other than holding such Bonds will not be subject to Norwegian income tax. The same applies to any payment of principal. However, if the holding of the Bonds is connected with a business carried out in Norway that qualifies as a permanent establishment, the Foreign Bondholder may be subject to taxation in Norway. Such tax liability may be limited by an applicable tax treaty.

If tax resident in Norway, the Issuer is liable to withhold 15% on interest payments to a Foreign Bondholder if (i) they are related parties and (ii) the Foreign Bondholder is tax resident in a low-tax jurisdiction. A “related party” is any company or undertaking that directly or indirectly owns or controls at least 50% of the other party. A “low-tax jurisdiction” is a jurisdiction in which the ordinary income tax on the overall profit of the company or undertaking is effectively less than two thirds of the tax that would be levied on such company or undertaking if it were resident in Norway. Such tax liability may be limited by a tax treaty, and is exempt if the Foreign Bondholder is actually established and carries on genuine economic activities in an EEA state and fulfils certain documentation requirements.

Taxation of capital gains and losses

Capital gains or losses realised on the sale, disposal or redemption of the Bonds by a Foreign Bondholder will not be subject to Norwegian income tax. The same applies to any payment of principal. However, if the holding of the Bonds is connected with a business carried out in Norway that qualifies as a permanent establishment, the Foreign Bondholder may be subject to taxation in Norway. Such tax liability may be limited by an applicable tax treaty.

Net wealth taxation

Foreign Bondholders are not subject to Norwegian net wealth tax unless the bondholder is an individual and the bondholding is connected with a business carried out in Norway that qualifies as a permanent establishment. Such tax liability may be limited by an applicable tax treaty.

VAT and transfer taxes

No VAT, transfer taxes, stamp duty or similar taxes are imposed on the purchase, disposal or redemption of the Bonds.

a person is a Representative or entitled to vote, the Chairperson will decide who may attend the Bondholders' Meeting and exercise voting rights.

- (i) Representatives of the Issuer have the right to attend the Bondholders' Meeting. The Bondholders Meeting may resolve to exclude the Issuer's representatives and/or any person holding only Issuer's Bonds (or any representative of such person) from participating in the meeting at certain times, however, the Issuer's representative and any such other person shall have the right to be present during the voting.
- (j) Minutes of the Bondholders' Meeting must be recorded by, or by someone acting at the instruction of, the Chairperson. The minutes must state the number of Voting Bonds represented at the Bondholders' Meeting, the resolutions passed at the meeting, and the results of the vote on the matters to be decided at the Bondholders' Meeting. The minutes shall be signed by the Chairperson and at least one other person. The minutes will be deposited with the Bond Trustee who shall make available a copy to the Bondholders and the Issuer upon request.
- (k) The Bond Trustee will ensure that the Issuer, the Bondholders and the Exchange are notified of resolutions passed at the Bondholders' Meeting and that the resolutions are published on the website of the Bond Trustee (or other relevant electronically platform or press release).
- (l) The Issuer shall bear the costs and expenses incurred in connection with convening a Bondholders' Meeting regardless of who has convened the Bondholders' Meeting, including any reasonable costs and fees incurred by the Bond Trustee.

15.3 Voting rules

- (a) Each Bondholder (or person acting for a Bondholder under a power of attorney) may cast one vote for each Voting Bond owned on the Relevant Record Date, ref. Clause 3.3 (*Bondholders' rights*). The Chairperson may, in its sole discretion, decide on accepted evidence of ownership of Voting Bonds.
- (b) Issuer's Bonds shall not carry any voting rights. The Chairperson shall determine any question concerning whether any Bonds will be considered Issuer's Bonds.
- (c) For the purposes of this Clause 15, a Bondholder that has a Bond registered in the name of a nominee will, in accordance with Clause 3.3 (*Bondholders' rights*), be deemed to be the owner of the Bond rather than the nominee. No vote may be cast by any nominee if the Bondholder has presented relevant evidence to the Bond Trustee pursuant to Clause 3.3 (*Bondholders' rights*) stating that it is the owner of the Bonds voted for. If the Bondholder has voted directly for any of its nominee registered Bonds, the Bondholder's votes shall take precedence over votes submitted by the nominee for the same Bonds.
- (d) Any of the Issuer, the Bond Trustee and any Bondholder has the right to demand a vote by ballot. In case of parity of votes, the Chairperson will have the deciding vote.

15.4 Repeated Bondholders' Meeting

- (a) Even if the necessary quorum set out in paragraph (e) of Clause 15.1 (*Authority of the Bondholders' Meeting*) is not achieved, the Bondholders' Meeting shall be held and

voting completed for the purpose of recording the voting results in the minutes of the Bondholders' Meeting. The Bond Trustee or the person who convened the initial Bondholders' Meeting may, within 10 Business Days of that Bondholders' Meeting, convene a repeated meeting with the same agenda as the first meeting.

- (b) The provisions and procedures regarding Bondholders' Meetings as set out in Clause 15.1 (*Authority of the Bondholders' Meeting*), Clause 15.2 (*Procedure for arranging a Bondholders' Meeting*) and Clause 15.3 (*Voting rules*) shall apply *mutatis mutandis* to a repeated Bondholders' Meeting, with the exception that the quorum requirements set out in paragraph (e) of Clause 15.1 (*Authority of the Bondholders' Meeting*) shall not apply to a repeated Bondholders' Meeting. A Summons for a repeated Bondholders' Meeting shall also contain the voting results obtained in the initial Bondholders' Meeting.
- (c) A repeated Bondholders' Meeting may only be convened once for each original Bondholders' Meeting. A repeated Bondholders' Meeting may be convened pursuant to the procedures of a Written Resolution in accordance with Clause 15.5 (*Written Resolutions*), even if the initial meeting was held pursuant to the procedures of a Bondholders' Meeting in accordance with Clause 15.2 (*Procedure for arranging a Bondholders' Meeting*) and vice versa.

15.5 Written Resolutions

- (a) Subject to these Bond Terms, anything which may be resolved by the Bondholders in a Bondholders' Meeting pursuant to Clause 15.1 (*Authority of the Bondholders' Meeting*) may also be resolved by way of a Written Resolution. A Written Resolution passed with the relevant majority is as valid as if it had been passed by the Bondholders in a Bondholders' Meeting, and any reference in any Finance Document to a Bondholders' Meeting shall be construed accordingly.
- (b) The person requesting a Bondholders' Meeting may instead request that the relevant matters are to be resolved by Written Resolution only, unless the Bond Trustee decides otherwise.
- (c) The Summons for the Written Resolution shall be sent to the Bondholders registered in the CSD at the time the Summons is sent from the CSD and published at the Bond Trustee's web site, or other relevant electronic platform or via press release.
- (d) The provisions set out in Clause 15.1 (*Authority of the Bondholders' Meeting*), 15.2 (*Procedure for arranging a Bondholders' Meeting*), Clause 15.3 (*Voting rules*) and Clause 15.4 (*Repeated Bondholders' Meeting*) shall apply *mutatis mutandis* to a Written Resolution, except that:
 - (i) the provisions set out in paragraphs (g), (h) and (i) of Clause 15.2 (*Procedure for arranging Bondholders Meetings*); or
 - (ii) provisions which are otherwise in conflict with the requirements of this Clause 15.5,

shall not apply to a Written Resolution.

- (e) The Summons for a Written Resolution shall include:

- (i) instructions as to how to vote to each separate item in the Summons (including instructions as to how voting can be done electronically if relevant); and
 - (ii) the time limit within which the Bond Trustee must have received all votes necessary in order for the Written Resolution to be passed with the requisite majority, which shall be at least 10 Business Days but not more than 15 Business Days from the date of the Summons (the “**Voting Period**”).
- (f) Only Bondholders of Voting Bonds registered with the CSD on the Relevant Record Date, or the beneficial owner thereof having presented relevant evidence to the Bond Trustee pursuant to Clause 3.3 (*Bondholders’ rights*), will be counted in the Written Resolution.
- (g) A Written Resolution is passed when the requisite majority set out in paragraph (f) or (g) of Clause 15.1 (*Authority of Bondholders’ Meeting*) has been obtained, based on a quorum of the total number of Voting Bonds, even if the Voting Period has not yet expired. A Written Resolution will also be resolved if the sufficient numbers of negative votes are received prior to the expiry of the Voting Period.
- (h) The effective date of a Written Resolution passed prior to the expiry of the Voting Period is the date when the resolution is approved by the last Bondholder that results in the necessary voting majority being obtained.
- (i) If no resolution is passed prior to the expiry of the Voting Period, the number of votes shall be calculated at the time specified in the summons on the last day of the Voting Period, and a decision will be made based on the quorum and majority requirements set out in paragraphs (e) to (g) of Clause 15.1 (*Authority of Bondholders’ Meeting*).

- (c) The Bond Trustee is entitled to take such steps that it, in its sole discretion, considers necessary or advisable to protect the rights of the Bondholders in all matters pursuant to the terms of the Finance Documents.  - (i) complying with instructions of the Bondholders; or
 - (ii) taking any action at its own initiative,

- (i) The Bond Trustee shall give a notice to the Bondholders before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Bond Trustee under the Finance Documents.
- (j) The Bond Trustee may instruct the CSD to split the Bonds to a lower nominal value in order to facilitate partial redemptions, write-downs or restructurings of the Bonds or in other situations where such split is deemed necessary.

16.3 Equality and conflicts of interest

- (a) The Bond Trustee shall not make decisions which will give certain Bondholders an unreasonable advantage at the expense of other Bondholders. The Bond Trustee shall, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.

Irrespective of the foregoing, the Bond Trustee shall have no liability to the Bondholders for damage caused by the Bond Trustee acting in accordance with instructions given by the Bondholders in accordance with these Bond Terms.
- (b) The Bond Trustee will not be liable to the Issuer for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless caused by its gross negligence or wilful misconduct. The Bond Trustee shall not be responsible for any indirect or consequential loss.
- (c) Any liability for the Bond Trustee for damage or loss is limited to the amount of the Outstanding Bonds. The Bond Trustee is not liable for the content of information provided to the Bondholders by or on behalf of the Issuer or any other person.
- (d) The Bond Trustee shall not be considered to have acted negligently in:
 - (i) acting in accordance with advice from or opinions of reputable external experts;
or
 - (ii) taking, delaying or omitting any action if acting with reasonable care and provided the Bond Trustee considers that such action is in the interests of the Bondholders.
- (e) The Issuer is liable for, and will indemnify the Bond Trustee fully in respect of, all losses, expenses and liabilities incurred by the Bond Trustee as a result of negligence by the Issuer (including its directors, management, officers, employees and agents) in connection with the performance of the Bond Trustee's obligations under the Finance Documents, including losses incurred by the Bond Trustee as a result of the Bond Trustee's actions based on misrepresentations made by the Issuer in connection with the issuance of the Bonds, the entering into or performance under the Finance Documents, and for as long as any amounts are outstanding under or pursuant to the Finance Documents.

- (f) The Issuer shall cover all costs and expenses incurred by the Bond Trustee in connection with it fulfilling its obligations under the Finance Documents. The Bond Trustee is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents. The Bond Trustee's obligations under the Finance Documents are conditioned upon the due payment of such fees and indemnifications. The fees of the Bond Trustee will be further set out in the Bond Trustee Fee Agreement.
- (g) The Issuer shall on demand by the Bond Trustee pay all costs incurred for external experts engaged after the occurrence of an Event of Default, or for the purpose of investigating or considering (i) an event or circumstance which the Bond Trustee reasonably believes is or may lead to an Event of Default or (ii) a matter relating to the Issuer or any Finance Document which the Bond Trustee reasonably believes may constitute or lead to a breach of any Finance Document or otherwise be detrimental to the interests of the Bondholders under the Finance Documents.
- (h) Fees, costs and expenses payable to the Bond Trustee which are not reimbursed in any other way due to an Event of Default, the Issuer being Insolvent or similar circumstances pertaining to the Issuer, may be covered by making an equal reduction in the proceeds to the Bondholders hereunder of any costs and expenses incurred by the Bond Trustee in connection therewith. The Bond Trustee may withhold funds from any escrow account (or similar arrangement) or from other funds received from the Issuer or any other person, and to set-off and cover any such costs and expenses from those funds.

- (b) The Bond Trustee may resign by giving notice to the Issuer and the Bondholders, in which case a successor Bond Trustee shall be elected pursuant to this Clause 16.5, initiated by the retiring Bond Trustee.
- (c) If the Bond Trustee is Insolvent, or otherwise is permanently unable to fulfil its obligations under these Bond Terms, the Bond Trustee shall be deemed to have resigned and a successor Bond Trustee shall be appointed in accordance with this Clause 16.5. The Issuer may appoint a temporary Bond Trustee until a new Bond Trustee is elected in accordance with paragraph (a) above.
- (d) The change of Bond Trustee shall only take effect upon execution of all necessary actions to effectively substitute the retiring Bond Trustee, and the retiring Bond Trustee undertakes to co-operate in all reasonable manners without delay to such effect. The
